2. At Tab A you will find your interim responses to Carlucci and Olmer regarding their memos to you on gas alternatives. At Tab D you will find OGI's preliminary response to Olmer's points, including information on the Iranian pipeline.

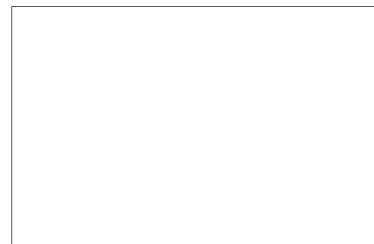

3. SOVA informed us that they were unable to get the expanded paper on Soviet-produced turbines over to us in time this afternoon.  confirmed, however, that the information  passed to you this morning was an accurate gist of what the longer paper will say. I understand that you have already acted on that information and sent a memo to Judge Clark.
